

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1-12. (Canceled)

13. (Original) An article of manufacture for diagnosing an inflammatory condition in a non-pregnant patient, said article of manufacture comprising an anti-PAPP-A antibody and packaging material, wherein said anti-PAPP-A antibody can be used for measuring PAPP-A levels in a biological sample from said patient, and wherein said packaging material comprises a label or package insert indicating that said anti-PAPP-A antibody can be used for diagnosing said inflammatory condition.

14. (Original) The article of manufacture of claim 13, wherein said biological sample is selected from the group consisting of whole blood, plasma, and serum.

15. (Original) An article of manufacture for diagnosing an inflammatory condition in a non-pregnant patient, said article of manufacture comprising reagents for measuring levels of a plurality of polypeptides in a biological sample from said patient, wherein said plurality of polypeptides comprises PAPP-A and one or more of the polypeptides selected from the group consisting of high sensitivity C-reactive protein, creatine kinase MB, troponin I, troponin T, creatine kinase, creatinine, fibrinogen, interleukin-1, and interleukin-6.

16. (Original) The article of manufacture of claim 15, wherein said biological sample is selected from the group consisting of whole blood, plasma, and serum.

17-22. (Canceled)
